

IELTS Online

What is IELTS Online?

IELTS Online has the same format as an IELTS Academic test, but the listening, reading, and writing sections will be taken on a computer or laptop. The speaking test is also carried out online via video call with a trained IELTS examiner.

Before booking, make sure to check the organisation you're applying to accepts the online version of the test and you meet the below requirements.

Why IELTS Online?

- **Convenient** – take IELTS from the comfort of your own home or any private, well-lit space with stable internet connection.
- **Quick results** – delivered within 6-8 days after taking your test.
- **Secure** - there are several security measures in place including ID checks, plagiarism checks and Human and AI proctoring.
- **Recognition** – it's recognised by many universities and other educational institutions. *
- **Preparation** – utilise free practice tests and familiarisation tests to help you prepare.

*IELTS Online is not accepted by immigration authorities.
